Changing Your View One Window At A Time

Wasatch Shutter Design was founded in 1996 by someone who saw the need for a custom interior shutter that operated better, lasted longer and reflected an attention to detail; thus offering significant worth and displaying fine wood craftsmanship. That was the goal then and it is still our commitment today. Since the beginning we have grown to over 25 employees. We manufacture all of our shutter products in our Salt Lake City, Utah facility and we employ all of our own factory trained installers.

Every aspect of our business is focused on sustaining our reputation for outstanding quality and customer service. We look forward to the opportunity of providing you with the finest craftsmanship in custom interior shutters.
